

**Breaking new ground.
Developing intelligent
solutions.**

Together, we work on the
measurement and testing
technology of the future.

Gantner Instruments is a leader in industrial measurement technology with locations in Austria, Germany, France, Sweden, the USA, Singapore, Hong Kong, China, and India.

To support our international team in Schruns, Austria, we are looking for a

Apprenticeship as an electronics technician (m/w/x)

At Gantner Instruments, we pride ourselves on designing cutting-edge products that acquire data at high speed and the highest quality from a wide range of sensors. Our products are vital in helping industries worldwide make informed decisions based on real-time data.

Are you interested in producing, installing, and repairing electronic devices? Do you enjoy working in a team on various projects and contributing your specialist knowledge?

Then you've come to the right place.

Your qualifications:

- Craftsmanship
- Interest in working with electronic components
- Enthusiasm for mathematics
- Willingness to learn and punctuality
- Clean and conscientious work
- Enjoy teamwork

What to expect:

- We provide a wide range of training in an excellent company
- We support apprenticeships with Matura
- We offer an attractive workplace in a growing company
- We are a collegial and dynamic team
- We enable you to work as independently and autonomously as possible
- Discounted lunch in the surrounding restaurants
- Notebook to start

Your application

Are you interested in an exciting apprenticeship in a first-class team?

Then apply directly on our website at gantner-instruments.com/jobs/apprenticeship-as-an-electronics-technician/. Our apprentice trainer, Marco Berginz, looks forward to receiving your documents and will arrange a trial appointment with you.

We are very much looking forward to your application.
